

## CFI LEVEL 5 – COACHING AND MENTORING

### Course Overview

For practising middle managers and those looking to progress to senior management. You will learn how to establish strong coaching and mentoring relationships in the workplace. Alongside this, you will develop knowledge and skills to implement techniques that will support the achievement of the strategic aims and objectives of the organisation.

### What will you learn?

- How to establish key coaching and mentoring relationships
- Working with stakeholders to achieve strategic goals and outcomes
- How to identify whether coaching or mentoring is a good fit for an individual
- The principles, skills and impact of coaching and mentoring

### How will you learn it?

- Through specific units that are relevant to your workplace
- Full access to the CMI portal, their resources and reference materials
- CMI membership for the duration of your course
- Online workshops at a time to suit you

### Who will this course suit?

- Practising middle managers and professionals who aspire to develop further
- Professionals looking to develop and support others in the workplace
- Individuals looking to boost their career prospects and enhance their skills

## CMI LEVEL 5 – COACHING AND MENTORING

### Additional Information

The level that you start at is dependent on your previous experience and education. Prior to signing up for a CMI course, we will carry out an analysis with you to ensure that you choose the qualification that best meets your needs. It is possible to progress from an Award to a Certificate and a Certificate to a Diploma.

**Successful completion of the Certificate and Diploma qualifications will give you Foundation Chartered Manager Status. This is an exciting step if you wish to become a Chartered Manager.**
