## CFI LEVEL 3 – MANAGEMENT AND LEADERSHIP

### Course Overview

If you are a manager already leading a team, a project manager or a shift leader, this qualification could be the one to help you improve and develop your skills. Learning how to instruct, guide and direct during your working day will be a key aspect of this qualification. You will learn management theories and how to apply them to get the best from yourself and those you lead.

### What will you learn?

- How to ensure your teams can meet organisational objectives
- Support and monitor the goals and objectives of your team
- How to effectively manage day-to-day operations
- How to make decisions based on the collation and analysis of data

### How will you learn it?

- Through specific units that are relevant to your workplace
- Full access to the CMI portal for the full range of resources and reference materials
- CMI membership for the duration of your course
- Online workshops at a time to suit you

### Who will this course suit?

- Those who are working as a first-line manager
- Professionals who are looking to develop and support others
- Individuals looking to boost their career prospects and enhance their skills

## CMI LEVEL 3 – MANAGEMENT AND LEADERSHIP

### Additional Information

The level that you start at is dependent on your previous experience and education. Prior to signing up for a CMI course, we will carry out an analysis with you to ensure that you choose the qualification that best meets your needs. It is possible to progress from an Award to a Certificate and a Certificate to a Diploma.

**Successful completion of the Certificate and Diploma qualifications will give you Foundation Chartered Manager Status. This is an exciting step if you wish to become a Chartered Manager.**
