CFI LEVEL 4 – MANAGEMENT AND LEADERSHIP

Course Overview

This qualification is designed for aspiring or practising middle managers who want to increase their professional skills across a range of areas including delegation and informed decision-making. You will explore techniques on how to develop and introduce organisational culture, behaviours and values as well as develop your personal management abilities.

What will you learn?

- How to use data and information to inform decision-making
- How to understand team dynamics
- The management of stakeholder expectations
- Development of operational management skills

How will you learn it?

- Through specific units that are relevant to your workplace
- Full access to the CMI portal for the full range of resources and reference materials
- CMI membership for the duration of your course
- Online workshops at a time to suit you

Who will this course suit?

- Middle managers and those aspiring to progress to that level
- Managers who want to increase their professional skills
- Professionals seeking to quantify their knowledge with a recognised qualification

CMI LEVEL 4 - MANAGEMENT AND LEADERSHIP

Additional Information

The level that you start at is dependent on your previous experience and education. Prior to signing up for a CMI course, we will carry out an analysis with you to ensure that you choose the qualification that best meets your needs. It is possible to progress from an Award to a Certificate and a Certificate to a Diploma.

Successful completion of the Certificate and Diploma qualifications will give you Foundation Chartered Manager Status. This is an exciting step if you wish to become a Chartered Manager.
