CMI LEVEL 5 – MANAGEMENT AND LEADERSHIP

Course Overview

Designed for practising middle managers and professionals working towards senior management level. You will learn how to deliver strategic plans, build teams, identify and recognise talent. Core management techniques will help you deliver strong leadership and operational skills.

What will you learn?

- Management theories to underpin your practice
- How to develop your leadership abilities through inspiring and motivating your team
- To become more self-aware and understand the impact you have on your team and others
- How to identify talent and development opportunities for your team

How will you learn it?

- Through specific units that are relevant to your workplace
- Full access to the CMI portal, with resources and reference materials
- CMI membership for the duration of your course
- Online workshops at a time to suit you

Who will this course suit?

- Department, regional and specialist managers who want to develop their leadership skills
- Professionals operating at a senior level without a recognised qualification
- Senior managers on the pathway to becoming a Chartered Manager

CMI LEVEL 5 – MANAGEMENT AND LEADERSHIP

Additional Information

The level that you start at is dependent on your previous experience and education. Prior to signing up for a CMI course, we will carry out an analysis with you to ensure that you choose the qualification that best meets your needs. It is possible to progress from an Award to a Certificate and a Certificate to a Diploma.

Successful completion of the Certificate and Diploma qualifications will give you Foundation Chartered Manager Status. This is an exciting step if you wish to become a Chartered Manager.
